TOUCHABLY SMOOTH SKIN

Everyone should own a **Veet All Over Body Shaver**. Why? So when you discover, last minute of course, that you have more leg fuzz than is considered socially acceptable you don't have to (a) jump into the shower, or (b) run a bath. You can use your **Veet Shaver** on dry skin and be straight out the door - hallelujah!

AND THE WINNER IS...

Brow kits come and go but there is only one tweezer which has stood the test of time for over 30 years - the **Tweezerman Slant Tweezer**. Simply put, it's the best! And that's why make-up artists, beauticians, models and celebrities worldwide will use nothing else.
